DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see the second page of the remarks, filed 6/30/06, with respect to claim 1 have been fully considered and are persuasive. The rejection of claim 1 over the art of record has been withdrawn.

Allowable Subject Matter

2. Claims 1-13 are allowed.

3. This application is in condition for allowance except for the presence of claims 14-38 directed to an invention non-elected with traverse in the reply filed on 6/5/06. The examiner notes the petition filed 6/5/06 seeking supervisory review of the restriction requirement. This petition however, was premature as the elected claims had not been disposed of at the time of filing. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (The petition filed under 37 CFR 1.144 has to be refiled or reaffirmed, petitions under 37 CFR 1.144 are decided by the director). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.
